

Opel - Past, Present and Future

Lightning bolt, a lightning bolt,
a way for all to see
massive energy set free.

Lightning bolt, a lightning bolt,
a symbol glowing brightly
uniting [our] friends and family.

See the storm on the horizon, Mom?
The winds are rising, as clouds appear.
The skies are black, the sun is gone,
Hope never dies, but yet I fear.
We hear the thunder, it rumbles on,
I'm trembling, Mom - the worst comes near.

Lightning bolt, a lightning bolt,
we sing a song for you
as your energy shines through.

Lightning bolt, a lightning bolt,
circling the globe so rapidly
uniting [our] friends and family.

Lightning bolt, a lightning bolt,
strikes as a coda
and makes its mark --- Insignia.

Lightning bolt, a lightning bolt,
may its power help you secure
the path to Opel's future.

Look, Mom, see the sun's bright rays
Lining the far horizon?
The skies brighten, the storm moves away,
Our hopes rise, the fear is gone.
And those voices - listen, I say -
They must mean our battle's won.

Lightning bolt, a lightning bolt,
like a musical coda
it makes its mark --- Insignia.

Lightning bolt, a lightning bolt,
a sign of the future, already today
showing the world a better way.

Lightning bolt, a lightning bolt,
a bright new era
beginning here, right now --- Ampera.

Lightning bolt, a lightning bolt,
may its power help you secure
the path to Opel's future.
